PROFESSIONAL EXPERIENCE

Shift Supervisor | Starbucks | Chicago, IL *March 2026 – Present*

- **Fiscal Accountability & Auditing:** Conduct comprehensive nightly financial audits of \$1,800 in liquid store assets, including a store vault.
- **Inventory Control & Variance Analysis:** Manage bi-weekly physical inventory counts and perform subsequent-day data audits on material variances to identify operational shrinkage and protect profit margins.
- **Process Optimization:** Optimized closing workflows to achieve on-time exit targets following corporate implementation of an automated scheduling matrix that reduced labor coverage.
- **Performance Coaching & Operational Analysis:** Mentor and evaluate barista teams through real-time performance feedback, systematically identifying opportunities for improvement across daily workflows and execution standards.
- **Independent Decision-Making:** Serve as primary point of contact for service execution and issue resolution across nearly \$2 million in annual sales, operating with autonomy in a fast-paced environment.

Continuing Education & Professional Development | Self-Directed | Chicago, IL *Jul 2024 – July 2026*

- **Technical Study:** Pursued self-directed study of financial analysis, maintaining a rigorous daily schedule and high attention to detail.
- **Skill Acquisition:** Completed coursework in logic-based systems and design.

Courier & Swing Driver | FedEx Express | Chicago, IL *Nov 2023 – Jan 2025*

- **Performance Excellence:** Exceeded monthly efficiency requirements by 30%, earning the Bravo Zulu Award and a merit-based bonus.
- **Leadership & Communication:** Selected within the first few months of hire to train team members, demonstrating effective peer coaching.
- **Operational Discipline:** Maintained compliance with rigorous safety protocols and federal regulations; performed daily pre- and post-trip vehicle inspections for fleet readiness.

Independent Contractor | Uber | Chicago, IL *January 2023 – July 2024*

- **Technical Aptitude:** Developed a comprehensive financial spreadsheet model to track income, maintenance, fuel, and licensing costs, optimizing tax deductions and net profitability.
- **Business Management:** Operated a self-employed business, independently managing tax compliance, expense tracking, and vehicle lifecycle maintenance.
